Currentness

(a) Access to facilities and residents shall be extended to all authorized agents of a P&A system.

(b) A P&A system shall have reasonable unaccompanied access to public and private facilities and programs in the State which render care or treatment for individuals with mental illness, and to all areas of the facility which are used by residents or are accessible to residents. The P&A system shall have reasonable unaccompanied access to residents at all times necessary to conduct a full investigation of an incident of abuse or neglect. This authority shall include the opportunity to interview any facility service recipient, employee, or other persons, including the person thought to be the victim of such abuse, who might be reasonably believed by the system to have knowledge of the incident under investigation. Such access shall be afforded, upon request, by the P&A system when:

(1) An incident is reported or a complaint is made to the P&A system;

(2) The P&A system determines there is probable cause to believe that an incident has or may have occurred; or

(c) In addition to access as prescribed in paragraph (b) of this section, a P&A system shall have reasonable unaccompanied access to facilities including all areas which are used by residents, are accessible to residents, and to programs and their residents at reasonable times, which at a minimum shall include normal working hours and visiting hours. The system shall make every effort to ensure that the parents of minors or guardians of individuals in the care of a facility are informed that the system will be monitoring activities at the facility and may in the course of such monitoring have access to the minor or adult with a legal guardian. The system shall take no formal action on behalf of individuals with legal guardians or conservators, or initiate a formal attorney/client or advocate/client relationship without appropriate consent, except in emergency situations as described in § 51.41(b)(3).

## § 794e. Protection and advocacy of individual rights, 29 USCA § 794e

The eligible system within a jurisdiction described in subparagraph (A) shall be allotted under paragraph (3)(A) not less than \$50,000 for the fiscal year for which the allotment is made.

## (5) Adjustment for inflation

For any fiscal year, beginning in fiscal year 1999, in which the total amount appropriated to carry out this section exceeds the total amount appropriated to carry out this section for the preceding fiscal year, the Commissioner shall increase each of the minimum grants or allotments under paragraphs (1)(B), (3)(B), and (4)(B) by a percentage that shall not exceed the percentage increase in the total amount appropriated to carry out this section between the preceding fiscal year and the fiscal year involved.

## (d) Proportional reduction

To provide minimum allotments to systems within States (as increased under subsection (c)(5) of this section) under subsection (c)(3)(B) of this section, or to provide minimum allotments to systems within States (as increased under subsection (c)(5) of this section) under subsection (c)(4)(B) of this section, the Commissioner shall proportionately reduce the allotments of the remaining systems within States under subsection (c)(3) of this section, with such adjustments as may be necessary to prevent the allotment of any such remaining system within a State from being reduced to less than the minimum allotment for a system within a State (as increased under subsection (c)(5) of this section) under subsection (c)(3)(B) of this section, or the minimum allotment for a State (as increased under subsection (c)(5) of this section) under subsection (c)(4)(B) of this section, as appropriate.

## (e) Reallotment

Whenever the Commissioner determines that any amount of an allotment to a system within a State for any fiscal year described in subsection (c)(1) of this section will not be expended by such system in carrying out the provisions of this section, the Commissioner shall make such amount available for carrying out the provisions of this section to one or more of the systems that the Commissioner determines will be able to use additional amounts during such year for carrying out such provisions. Any amount made available to a system for any fiscal year pursuant to the preceding sentence shall, for the purposes of this section, be regarded as an increase in the allotment of the system (as determined under the preceding provisions of this section) for such year.

## (f) Application

In order to receive assistance under this section, an eligible system shall submit an application to the Commissioner, at such time, in such form and manner, and containing such information and assurances as the Commissioner determines necessary to meet the requirements of this section, including assurances that the eligible system will--

(6) establish a grievance procedure for clients or prospective clients of the system to ensure that individuals with disabilities are afforded equal opportunity to access the services of the system; and

(7) provide assurances to the Commissioner that funds made available under this section will be used to supplement and not supplant the non-Federal funds that would otherwise be made available for the purpose for which Federal funds are provided.

(g) Carryover and direct payment

(1) Direct payment
